# FRESH OFF THE RUNWAY

**THE PARTY** A thousand of Houston's most fashionable gathered at the Hilton Americas Ballroom for the 21st anniversary of the Latin Women's Initiative Luncheon.

The ballroom was filled with vibrant colors, from the table centerpieces and photo backdrops to the outfits people wore and the fashion seen on the runway.

**THE PEOPLE** Tootsies presented the fashion show featuring contemporary Latin American designer **Sandra Weil**, drawing a crowd of fashion lovers ready to shop. **Vicky Dominguez** and **Jolene Trevino** co-chaired the event supporting non-profit organizations serving the Latino community. **THE PINNACLE** Kicking off the show, a raffle auctioned off the evening's most coveted prize, a Zadok Jewelers diamond necklace. Closing the night was a traditional tequila toast to fashioning and empowering the future.
